Dear Lawrence High School Parents,

Since 1989 the parents of Lawrence High School students, the community, and local businesses have generously supported Project Graduation, the all night party for seniors held at LHS following graduation. This event provides all seniors with a safe, drug and alcohol free way to celebrate this exiting time in their lives.

A great majority of seniors participate, and the celebration has been free of accidents and incidents since its inception.

Project Graduation can be a success only if we all pitch in – parents, friends, and the Lawrence community and area businesses. We are an all-volunteer organization and receive no financial support from the Lawrence public school system.

Without sufficient funds and help, we would have to scale back or possibly eliminate this popular and memorable event. **Please consider a contribution of at least \$25, but any amount will help pay for the entertainment, food, games, and door and contest prizes that make Project Graduation so worthwhile for our seniors. A donation form is on the back of this letter.**

Several activities, such as the popular Mr. LHS scheduled this year for April 30th and balloon sale for graduating seniors are held each year to help raise the \$25,000 needed to make Project Graduation a success.

Please also consider volunteering so that this important tradition can continue in future years. You may contact Mary Ann O'Brien at the number listed above.

Thank you for your support and for helping keep our students safe.

Sincerely,

Janice Buckley, Chair, Parent Fund Raising

The Substance-Free Graduation Celebration!
